THIS IS SNS:
Nordic Forest Research (SNS) is a cooperating body financed with Nordic funds under the auspices of the Nordic Council of Ministers.

GOAL: Promote research for sustainable forestry
• Create synergy within forest research
• Develop new research areas
• Promote research cooperation
• Promote international contacts
• Communicate results of research
• Advise the Nordic Council of Ministers

CONTACT:
Postal address:
SNS secretariat
c/o Jonas Rönnberg and Mimmi Blomquist
Southern Swedish Forest Research Centre
Swedish University of Agricultural Science (SLU)
Box 49
230 53 Alnarp
Sverige

E-mail: SNS@slu.se; ronnberg.sns@slu.se

SNS PROMOTES THESE KINDS OF ACTIVITIES:

Networks: SNS promotes networking between researchers from different countries and research sections. Funds should be used for organizing workshops, addressing challenges and creating synergies in the Nordic forest sector. 100 000-250 000 SEK/year.

CARs: Longer time networking. 300 000-600 000 SEK/year for 5 years.

Research projects: Projects should relate to various prioritised themes of the SNS strategy. 200 000-500 000 SEK/year for 3 years.

Scholarships: To encourage Nordic education and knowledge exchange within forest genetic resources, supply of seeds and regeneration methods. 20 000 NOK/person and year.

SNS MEMBERS:
- Denmark
- Finland
- Iceland
- Norway
- Sweden

Observers:
- Åland islands
- Faroe islands
- Greenland

SNS is financed by Nordic Council of Ministers
