For more info: www.nordicforestresearch.org

Expand, deepen and improve your Nordic research network

- Come and be inspired, let the creativity flow! Hannes Ottósson from Innovation Centre Iceland and University of Iceland will give us some insight in how to make our networking creative and innovative.
- This day can be the kick off for the project of your dreams! You will have the chance to meet new colleagues and get fruitful tips about how to form creative networks. You will also get firsthand information from [Nordic Forest Research](#), [Nordic Agri Research](#), [Forest Bioeconomy Network](#) and [NordGen Forest](#) how to write a successful application for our calls.
- [Travel grants](#) for PhD students and – register before June 24th!

 [Please join the Facebook group](#) to make contact with other participants prior to the meeting!
