GDPR – We take care of your personal data

Since May 25th this year, the EU General Data Protection Regulation (GDPR) applies for processing personal data. Therefore, we would like to specify the personal data handled by Nordic Forest Research (SNS). We only save the subscribers' e-mail addresses and those addresses are used only for distribution of the SNS newsletter, nothing else. No one except us at the SNS secretariat will have access to the register.

To continue your subscription, you don't have to do anything at all!
You can unsubscribe by [clicking here](#).

Would you like to read more about how we handle personal information, please click [here](#).
