full program!

### **MATCHMAKING DAY: Find your new network**

Meet Nordic researchers in your field and take your career to the next level! Four funding organisations give you the opportunity to create your network and get information on funding opportunities, all in one day! Our Matchmaking Day, November 8, in Ås, Norway, is free of charge, and young researchers/PhDs are welcome to apply for a travel grant. We will get back to you with a

### **Upswing for Icelandic forests**

Valgerður Jónsdóttir, Icelandic Forest Service/SNS board: "...state funding for forestry will almost double from current levels by 2023, with emphasis on carbon sequestration coming to the top of the list of forestry goals, mostly by increasing the rate of afforestation."
