## OPEN CALL: Apply for SNS and NordGen scholarship!

Do you want to join an interesting conference? Is there a small study you want to perform? We have the money if you are planning to do some work within forest seed or plant production, regeneration methods and tree breeding! Johanna got the scholarship last year and went to a german biotechnology company. [Read about her trip here!](#)

Apply latest February 15th 2019.

## SNS - analyses the extreme weather events of this summer

– We can learn a lot from each other and there are starting points for cooperation across national borders, says Maria Tunberg, process manager for the new project that will improve Nordic cooperation in situations of extreme weather.

[How can we be better prepared?](#)

### SNS report on digitalization

The Nordic Joint Committee for Agricultural and Food Research (NKJ) and SNS prepared the basis

for discussions on the theme “Digitalization in the Nordic bioeconomics” for the Nordic Council of Ministers.

## MERRY CHRISTMAS and a happy new year!

Christmas is approaching, and we hope you all get some nice rest and good opportunities to get some fresh energy for next year.

For SNS 2019 it will be a year of hard and exciting work to improve the Nordic cooperation and forest research!

[Happy holidays to ya all!](#)
