LAST CHANCE: Apply for the SNS-NordGen scholarship

Are you full of great ideas, but lack the money? We have the money, just let us know about your idea! Submit your application for our scholarship BEFORE FEBRUARY 15th. Your idea should have some Nordic benefit within forest seed or plant production, regeneration methods and tree breeding in the Nordic countries.

[These are the requisites](#)

Workshop: Sustainable forest management in pellet supply chains

SNS/NKJ networks are among the organizers of an international workshop aimed at identifying ways to improve data and data use for documenting sustainable forest management in wood pellet supply chains. It takes place May 1-3 in Athens, USA. You are welcome to participate!
