SNS board strives for a younger perspective

The SNS board has taken the first steps to include a youth member. We want to have a younger perspective from someone who is familiar with recent education and trends in forestry. The meeting also had a look at the progress of the gender report which will be published soon - follow us in LinkedIn to have all our news!

SNS proudly presents: Soil as a carbon sink

SNS has, together with NKJ, dived deep into the question how we can use soil for mitigating climate change. Our report is now available for you, and if you want to have a quick look we have made a brochure for you. Read about the Nordic cooperation in soil as a carbon sink [here](#).

Nordic cooperation for future extreme weather events

SNS has taken part in a working group that has investigated the challenges that forestry and rescue services are facing in a future with more extreme weather conditions. The working group also suggests several concrete proposals for action.
