SNS and NordGen Forest scholarship is open for applications

Are you in forest seed or plant production, regeneration methods or tree breeding? Apply for funding for your project at the latest February 15! With the scholarships SNS wants to contribute to common Nordic benefit by supporting education, continuing education and knowledge exchange for persons working or studying in the Nordic countries in the areas mentioned above.

[What can you use the scholarship for?](#)

Nordic networking gives several positive effects on forest research

Inge Stupak can tell a lot about the benefits of a Nordic context in forest research. She has coordinated the SNS funded researcher network [Advancing the dialogue on pathways towards sustainable development for forest landscapes: research, monitoring and governance](#). Inge is an Associate Professor at the Department of geosciences and natural resource management at the University of Copenhagen.
